

# ERASMUS STEM CELL INSTITUTE FOR REGENERATIVE MEDICINE

presents:

## Erasmus lecture series 2011

- January 25** Simon Méndez-Ferrer - CNIC, Madrid, Spain  
**Haematopoietic stem cell migration: ins and outs**
- March 16** Frederic Mazurier - Université Victor Segalen Bordeaux 2, France  
**Hypoxia-inducible factors in blood and skin cells**
- April 13** Roger Patient - The Weatherall Institute of Molecular Medicine, University of Oxford, Oxford, UK  
**Genesis and lineage decisions of blood stem cells**
- May 5** Peter Zandstra - Stem Cell Bioengineering University of Toronto, Canada  
**Synthetic stem cell niche engineering in vitro and in vivo**
- May 18** Anthony Hollander - School of Cellular & Molecular Medicine, University of Bristol, Bristol, UK  
**Stem cells, cartilage and how to save a life**
- June 8 (12:00)** Magdalena Zernicka-Goetz - Wellcome Trust/ Cancer Research UK  
Gurdon Institute of Cancer and Developmental Biology- University of Cambridge, Cambridge, UK  
**Switches between pluripotency and differentiation: formation of distinct cell types in early mouse development**
- June 8 (16:00)** Matthijs Blankesteyn - Department of Pharmacology and Toxicology,  
Cardiovascular Research Institute Maastricht, Maastricht The Netherlands  
**Wnt signaling in cardiac remodeling**
- July 6** Thierry Jaffredo - UPMC - Biologie du développement - UMR 7622 Paris, France  
**Dynamics of aorta formation and control of hematopoiesis**
- Sept 14** Salvatore Pece - Department of Experimental Oncology IFOM-IEO Campus Milan, Italy  
**Stem cells and breast cancer: pathogenetic and clinical implications**
- Nov 30** Markus Sperandio - Walter Brendel Center for Experimental Medicine -  
Ludwig-Maximilians-Universität, München, Germany  
**Leukocyte recruitment in the mouse fetus in vivo**

Library 10th floor (Room Ee 1024)

Time: 12.30 pm

PhD students can sign up for lunch with our guest speaker after the seminar.
