

Name: Nikkie Aarts

Function: Postdoc researcher

Phone: +31107043842

Email: n.aarts@erasmusmc.nl

Room: Na 21.17

Research subjects

Ethics, early access, investigational drugs

Biography

Nikkie obtained a bachelor and master degree Nutrition and Health at the Wageningen University, specialising in public health and epidemiology of nutrition. From 2011 to 2015 she was employed as a PhD-candidate at the department of Epidemiology at the Erasmus MC, where she successfully defended her thesis in December 2015 'Utilization and unintended effects of antidepressants in an ageing population'. At present she works as a postdoctoral researcher on a project that maps ethical issues in expanding access to investigational drugs.

Publication

Use of selective serotonin reuptake inhibitors and sleep quality: a population-based study. Aarts N, Zuurbier LA, Noordam R, Hofman A, Tiemeier H, Stricker BH, Visser LE. J Clin Sleep Med. 2016 Apr 12. pii: jc-00174-15. [Epub ahead of print]
